Hampshire Event DJs are preferred suppliers to the south's most exclusive venues, private parties and corporate clients.

We're an experienced team of radio, nightclub and live event professionals who share an understanding of what your guests want to hear at a party.

We offer consistency with our identical modern equipment and will work with you to deliver exactly the kind of soundtrack you want.

We also provide complimentary ambient uplighting with an infinite range of colours to match any party theme.

Whether you're getting married, celebrating something special or planning a big event for business Hampshire Event DJs have the experience to bring your night home in style.

Some of our most recent feedback....

From first meeting him and booking through to the end of the night he was just incredible! As my husband and I have very different tastes in music, walking that line for the perfect play list can't have been easy but **they smashed it!**

Katherine Bull – Three Choirs November 2019

"We would highly recommend them! From the initial booking enquiry to the actual day he was brilliant. **Our guests were very complimentary** about the music which was tailored to us and our guests so well!"

Carly St John Jacobs – Marwell Hotel December 2019

"We were very specific about the music that we wanted and **very specific about the kind of DJ that we didn't want!** The experience and professionalism of Hampshire event DJs was evident and I would not hesitate in booking them again for a future event."

Victoria Parsons – July 2019 Harbour Hotel Southampton

"Communication prior to the wedding was outstanding, obtaining all information required prior to the day to make our evening reception perfect. The music played was a perfect mix from the era Luke & I met! You **made our evening reception one to remember** and we would highly recommend you!"

Gemma Feeney – Lainston House November 2019

"They understood our varying music tastes and was more than helpful when it came to incorporating the music requests our guests had made. Always at the end of an email, and couldn't do enough to make our reception as amazing as we hoped! **The night itself was just incredible** I wouldn't hesitate in recommending Hampshire Event DJs for any wedding or party, thank you!"

Samantha Wood – Burley Manor October 2019
